WHAT CAN YOU DO WITH TOWNSQ?

TownSq was developed to meet the three most important needs for managed community dwellers: the need to easily connect with neighbors, securely collaborate with community management teams and the need to stay up to date on the latest community happenings.

CONNECT

Whether you need to discuss a private issue with a fellow board member, ask a question to your community management team, or you're just trying to get to know your neighbors, you should be able to do it with ease. TownSq provides a dedicated channel for communicating with everyone in your community and gives you the control to specify homeowner and committee member access to sensitive information. With TownSq, you and your homeowners can:

- Pay online and review account balances
- Access and update your account
- Make your voice heard in community polls
- Easily connect with neighbors, board members and your community management team
- Authorize guests

COLLABORATE

With maintenance upgrades, capital improvements, and countless community events and programs happening throughout the community, it's safe to say that a lot goes into making your association the place you're proud to call home. When you have this many moving parts, collaboration with key stakeholders is crucial. TownSq's collaborative tools let you seamlessly and securely work with everyone involved in maintaining your community.

- Submit work orders, service and architecture requests with no hassle
- Reserve common areas and amenities
- Create committees to manage special projects and assignments
- View open violations
- Post community updates and announcements

STAY UP-TO-DATE

When you know what's happening in your community, you can make more informed decisions. With TownSq, everyone in your community can stay up-to-date in real time, allowing you to get involved, stay engaged, and remain invested in the community.

- Get up-to-date community news and events
- Receive status updates on requests
- Schedule push notifications for upcoming projects and completed assignments
- Upload and access association documents
